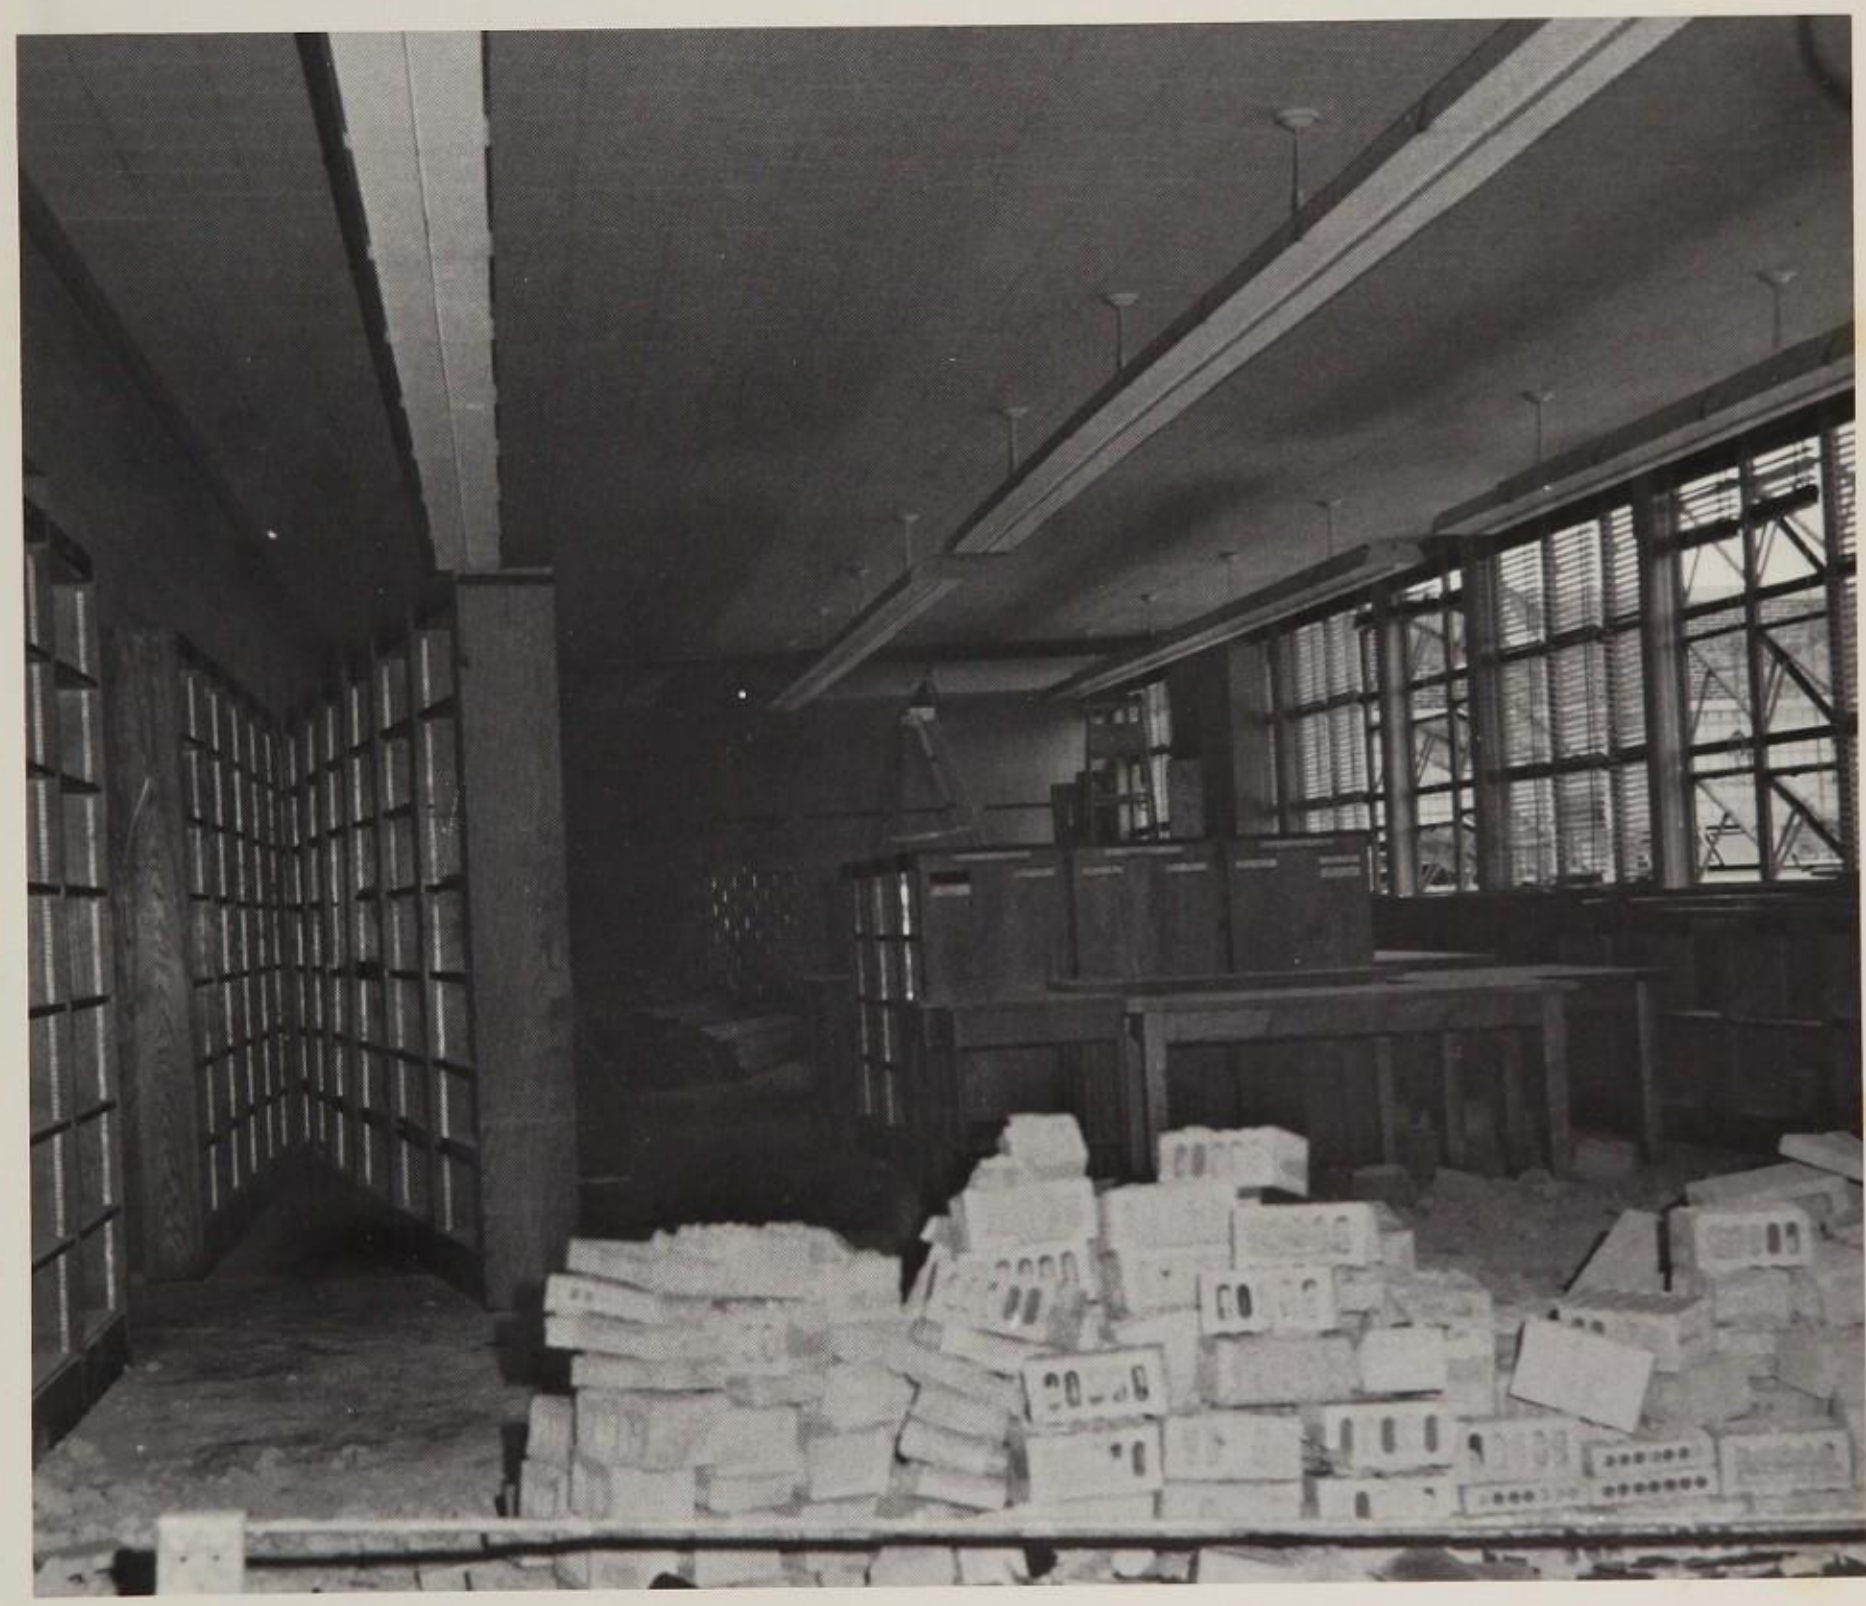
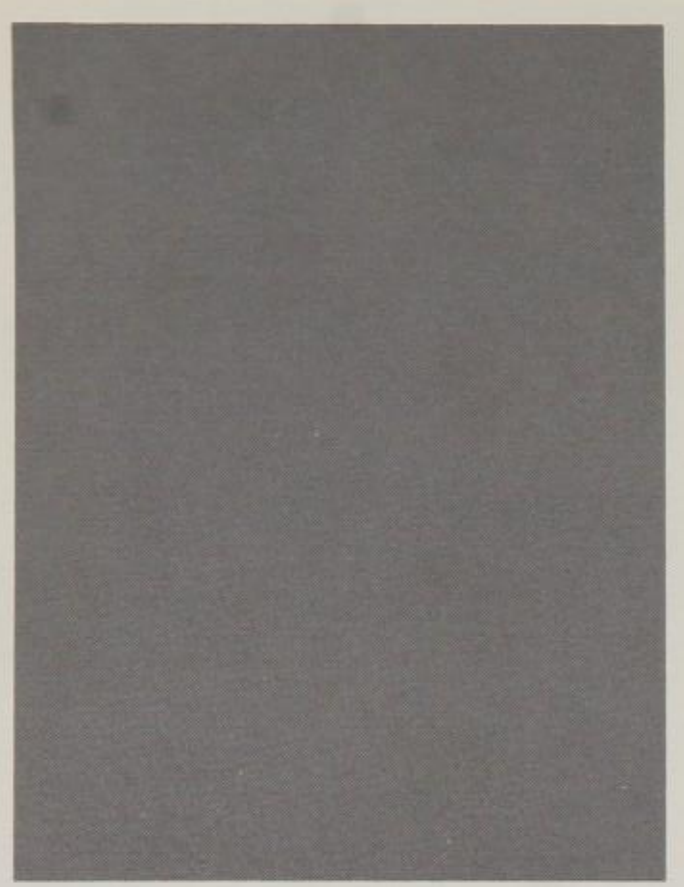
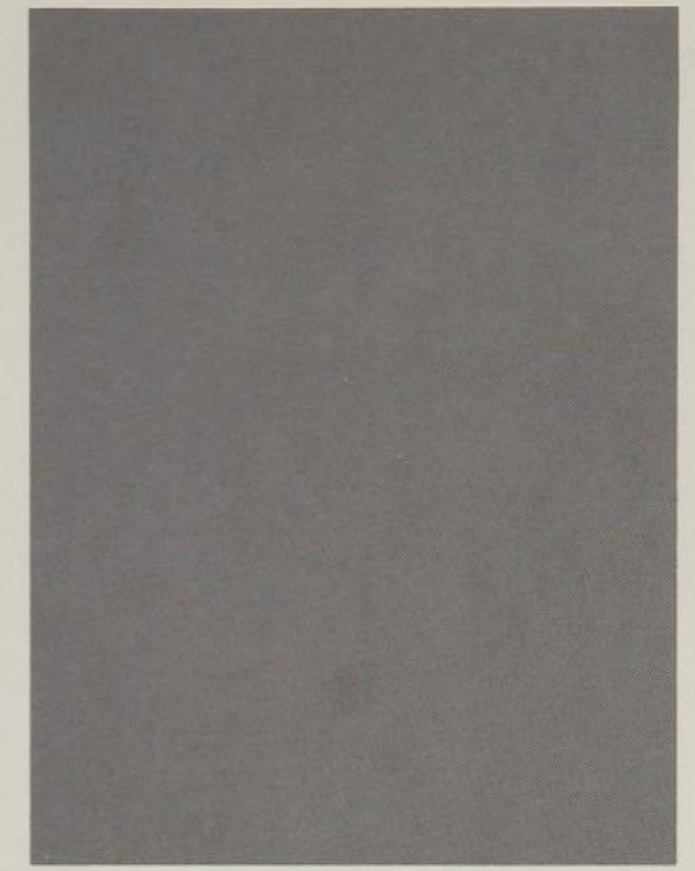
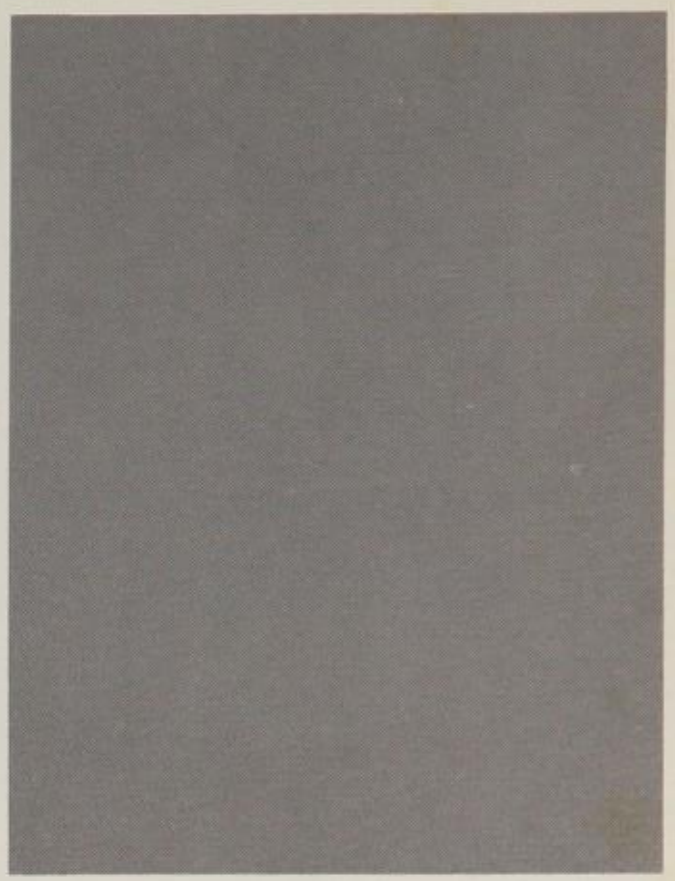
"All the world's a stage,
And all the men and women merely players;
They have their exits and their entrances;
And one man in his time plays many parts."

"To be, or not to be, - that is the question; -
Whether 'tis nobler in the mind to suffer
The slings and arrows of outrageous fortune,
Or to take arms against a sea of troubles,
And by opposing end them?"









FACULTY AND ADMINISTRATION

"Young in limbs, in judgment old."

"These reports are more complicated than the Income Tax returns."

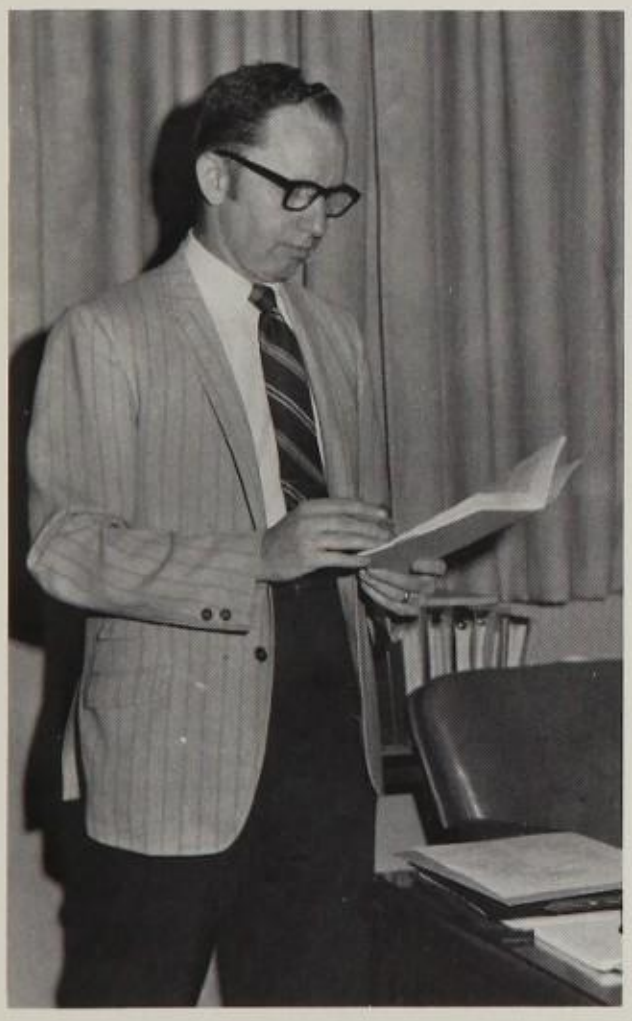
Dr. Neary is not unknown to Hereford students; he performs his job with a quiet efficiency which is often invisible to the majority of students.

As chief administrator of our school, Dr. Neary shoulders an amplitudinous amenability. Besides overseeing the entire operation of the school, he is charged with co-ordinating more than fourteen hundred daily schedules.

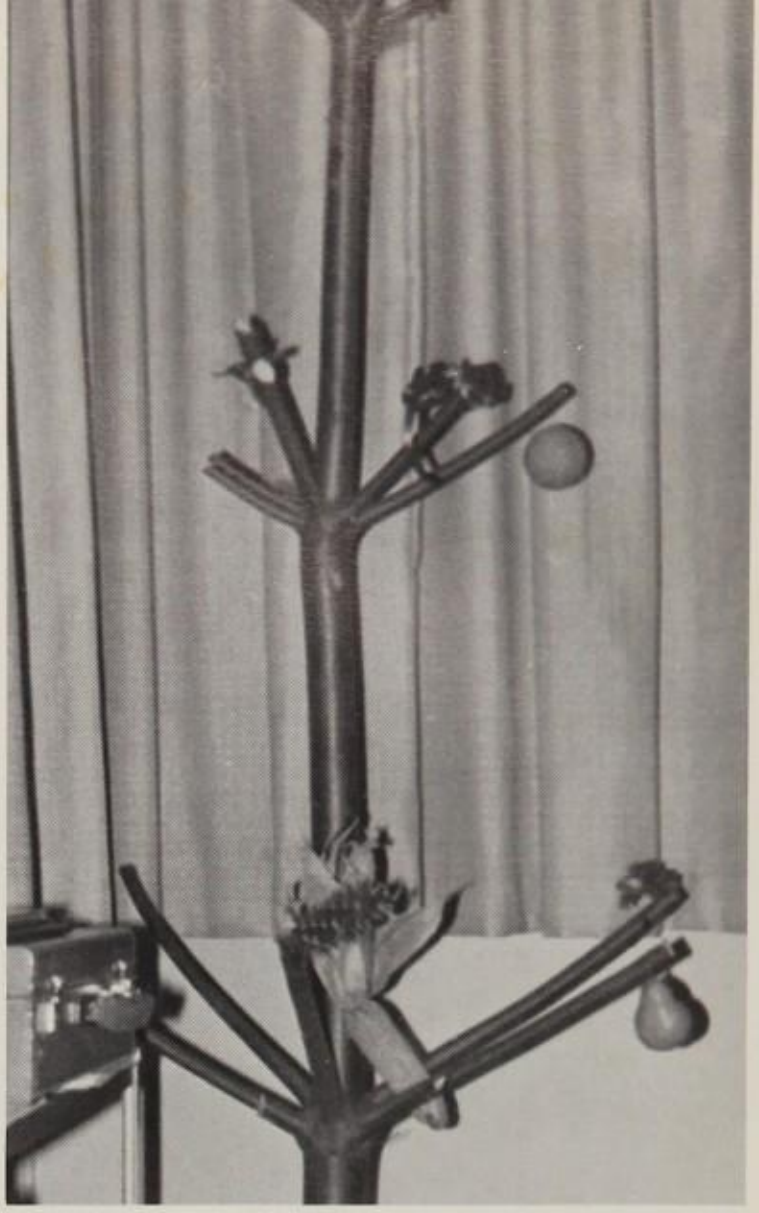
His second year as Principal of Hereford, the only Junior-Senior High remaining in the county, has come to a most *succès fou* conclusion. Dr. Neary's devoted time and enthusiasm has produced for us at Hereford an unprecedented, prominent academia.

"That was a great course in sideways speed reading!"

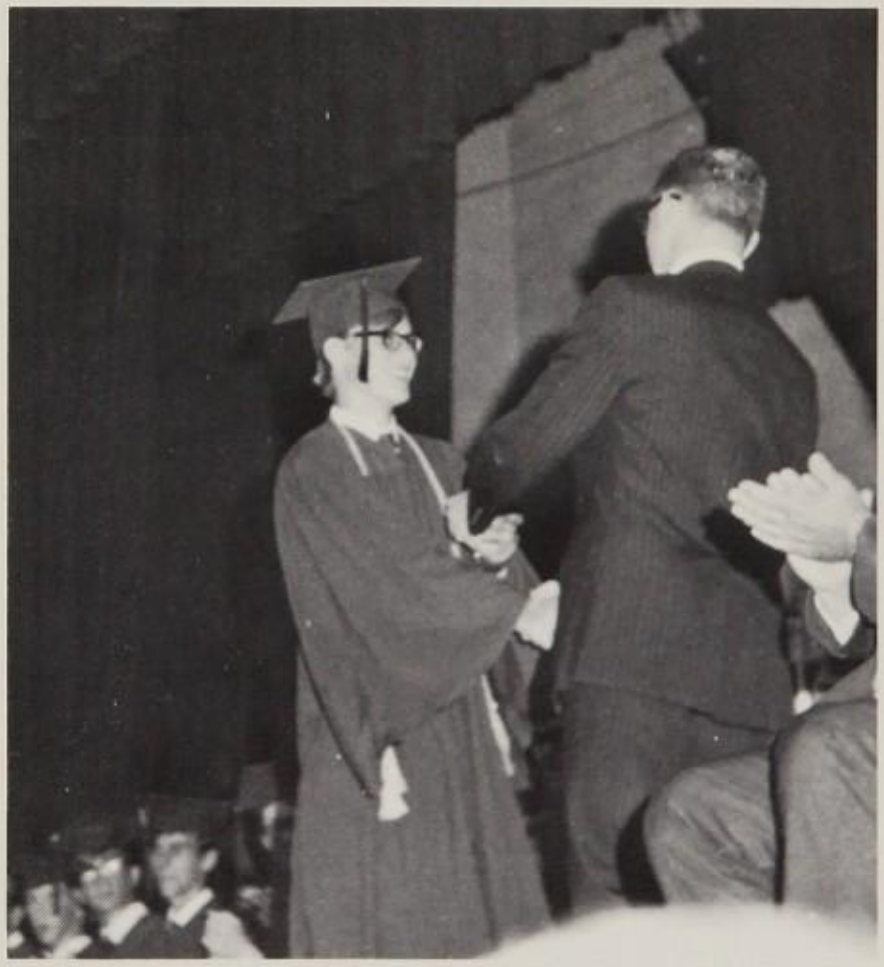
Dr. J. Rupert Neary
Principal



"Oh! See Spot run!"



"Danish-modern Christmas tree . . . compliments of Charlie Brown!"



Dr. Neary congratulates PIONEER co-editor, Tom Yates.

"A man of sovereign parts he is esteem'd."

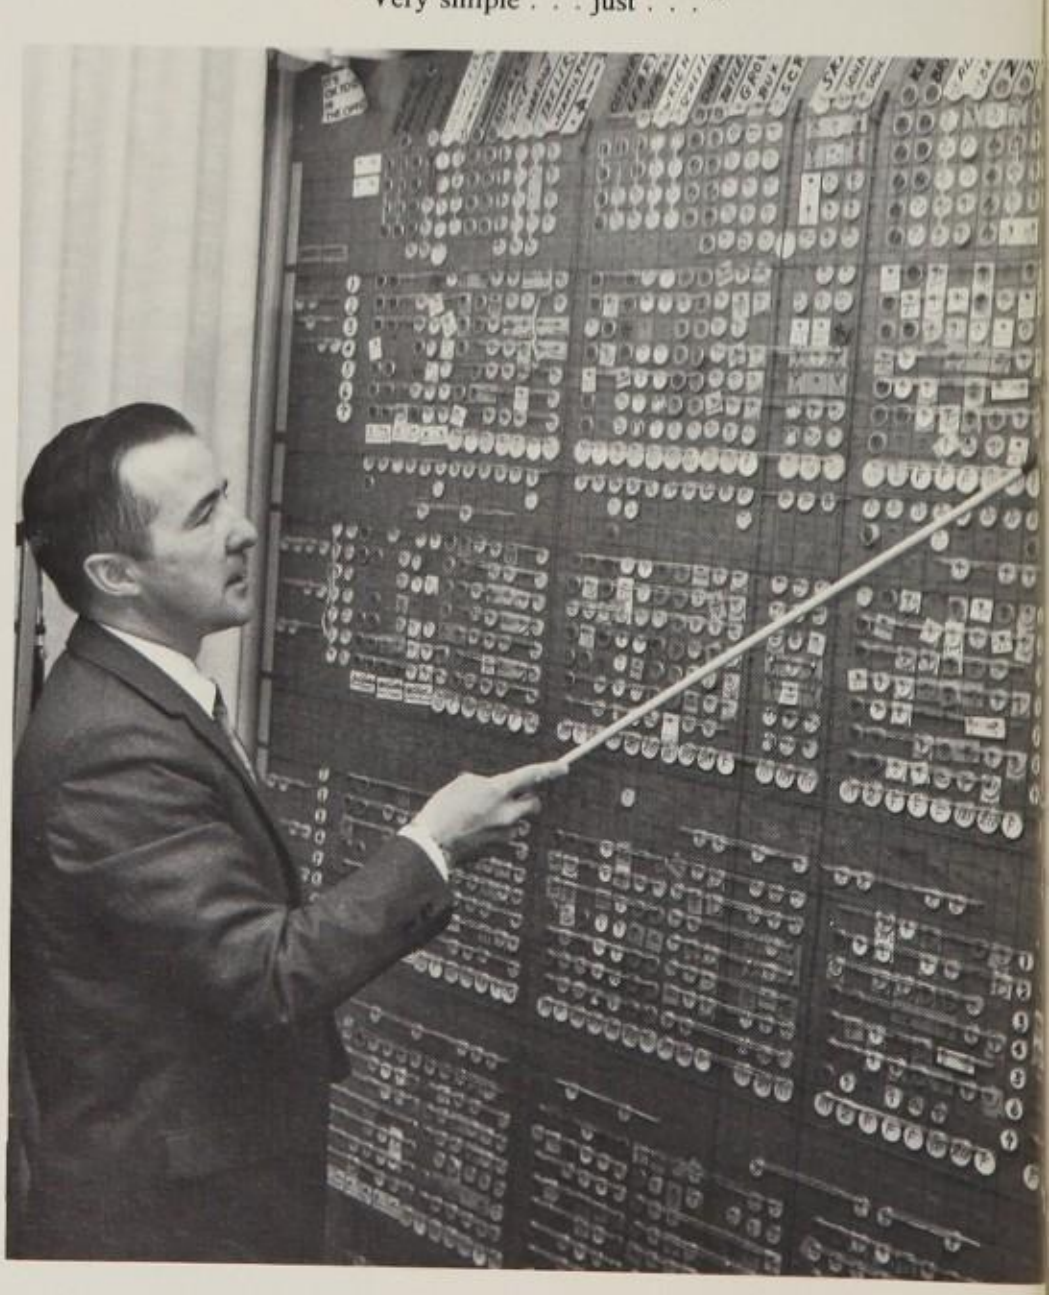
Mr. Geo. P. Dausch, III
Vice-Principal

Mr. Dausch, our wiry but affable Vice-Principal, is one of the "Big Three" powers of the administrative team. The responsibility for building maintenance, administration of senior high discipline, and the co-ordination of custodial services are all within his realm. His responsibility also entails record-keeping and proper distribution of the myriad supplies and equipment as they arrive throughout the year.

A serious-minded "shutterbug," G.P.D.,III's blushing personality adds color to his business-like manner.

"Of course, Madam, your darling son couldn't be guilty of vandalism . . , however . . . "

"Very simple . . . just . . . "



"Your wit's too hot, it speeds too fast."

"Alright, Yo-Yo, how does three days grab you?!"

"Now, as my old friend and buddy, W. C. Fields, would put it . . . "

Mr. King is new to Hereford's administration this year, having brought his talent for organization from Sudbrook Junior High.

Among Mr. King's many responsibilities are preventing a stampede in the parking lot every afternoon, arranging bus transportation for 99.44% of Hereford's students, coordinating all school and extra-curricular activities, assembly programs, fire and civil defense drills, and—joy of joys—junior high discipline. He is further involved in Student Council activities, and serves as advisor to various school organizations.

The devoir for which he is perhaps best appreciated by teachers and students alike, is the buoying-up of acetose dispositions via the morning announcements.

Mr. David G. King
Vice-Principal

Mrs. Evelyn Keith

Miss Ann Dement

Besides being friendly, efficient and devoted to their work, Hereford's administrative secretaries cope with many problems that arise daily. The rush hours, multitudinous paper work, the daily little "extras", all combine to make our secretaries the busiest team in the school.

The guidance office plays an important role in the lives of Hereford students. The staff is always willing to help students whether they are seeking information concerning college or a job after graduation, or whether they need help with just plain, ordinary daily problems.

Guidance counselors set up periodic conferences for all students throughout the year. In these conferences the students and their counselors discuss personal as well as school problems in an attempt to arrive at reasonable solutions.

Students are always welcome to stop by the guidance office and make an appointment at anytime.

English is a fundamental part of American life, a necessity if one is to exist with even a minimal degree of comfort in today's society. Our English Department goes much farther than merely teaching the basic rules and patterns of English grammar. It attempts to develop understanding and respect in its students; self-respect and self-awareness as well as respect and awareness of others.

Through literature appreciation, and discussions, senior high English classes assist students in formulating ideas and values of their own as well as prod them to question the ideas and values they have already formed.

The county-wide policy of allowing students to learn through observing demonstrations and performing experiments, established at Hereford last year on an experimental basis, has worked so well that the science department has adopted this method as a permanent feature of the curriculum.

As a result of this new approach, the science department developed an urgent need for expanded facilities. The new wing, started this past winter, is expected to satisfy that need.

One of the primary objectives of the social studies department is to create an awareness of today's social problems and help students formulate opinions and attitudes of their own. The knowledge obtained through the social studies courses enables a student to become a better citizen and creates a better understanding of world situations.

The curriculum offers to the student various courses ranging from American History to World History. There are special courses for those who wish to investigate history in more specific detail. These course are Geography, Modern and Contemporary History and Contemporary Issues and Social Sciences (offered to SENIORS only). In these courses things such as sociology, philosophy, and economics are covered. Hopefully the student gains a deeper comprehension which enables him to better cope with the issues of today.

Hereford's foreign language department has given its students not only the ability to speak another language, but it has given them an insight into the customs and cultures of other lands. Through the study of literature and history, the students obtain a broader knowledge and understanding of other countries.

An investigation is also made into the fine arts of Spain and France which include music, art, philosophy, architecture and literature.

The language department truly brings a touch of different cultures to our community.

A new look was given this year to the business education department, in as much as it was enlarged to include two typing rooms. One of the rooms is furnished primarily with electric typewriters to be used for typing and office practice.

In addition to retail selling, which was offered this year, the business department will offer alphabetical shorthand along with bookkeeping and business law and economics. In the near future an introduction to data processing will be offered.

The agro-business class teaches both girls and boys various methods of crop farming, animal husbandry, and farm machinery.

This year a new course was introduced at Hereford. The horticulture class teaches students greenhouse management, flower arrangement, corsage work, landscape design, and nursery and turf work. What the students learn in this class can be used in later life as a vocation or for general around-the-home knowledge.

This year the Hereford art department, under the supervision of Mr. Barry Hamilton, covered a wide range of activities. Among them were oil painting, design, graphics, and sculpture.

In Art I students are taught the basic principles involving art. They may continue their learning through Art II and III. Studio art is available under the guidance of Mr. Hamilton, allowing students to explore their own fields of interest.

The art department participated, during the month of May, in a school exhibition, during which art students displayed numerous types of art work.

"Music from the spheres."

"Don't worry, Bis, the boys will be here in a minute."

The purpose of the music department is to further develop the playing and singing skills of instrumental and vocal music students and to instill in each student the desire to achieve the knowledge and appreciation of fine music. The musically educated persons grows continously in the knowledge and appreciation of music as a means for understanding the cultural heritage of mankind; sensitivity for the aesthetic; ability to balance his intellectual and emotional responses as a result of music discipline; and in the ability to seek and attain a wider musical expression even after formal schooling.

The music department believes that everyone has a right to be musically educated according to his individual abilities and needs, and will be expected to accomplish only that which is within the realm of his capabilities.

The over-all objectives of the music programs are to help each pupil to become aware of the nature and purpose of music and to increase in ability to respond emotionally and intellectually to this expression.

The main objective of the home economics program is the preparation of students for entry into the world of homemaking. It assists the students in developing creativity while helping them to acquire certain practical skills. Particular emphasis is placed on the skills of sewing, cooking, and home-management.

In the special "Living in the Home" program, offered to Senior girls, the student learns to comprehend and accept others.

The home economics course, as a whole, enriches the students' abilities and encourages self-development.

This was the first year for a very successful senior high boys' food class. Through-out the year a variety of foods were prepared and unbelievably enjoyed. One of the highlights of the course proved to be outdoor cookery.

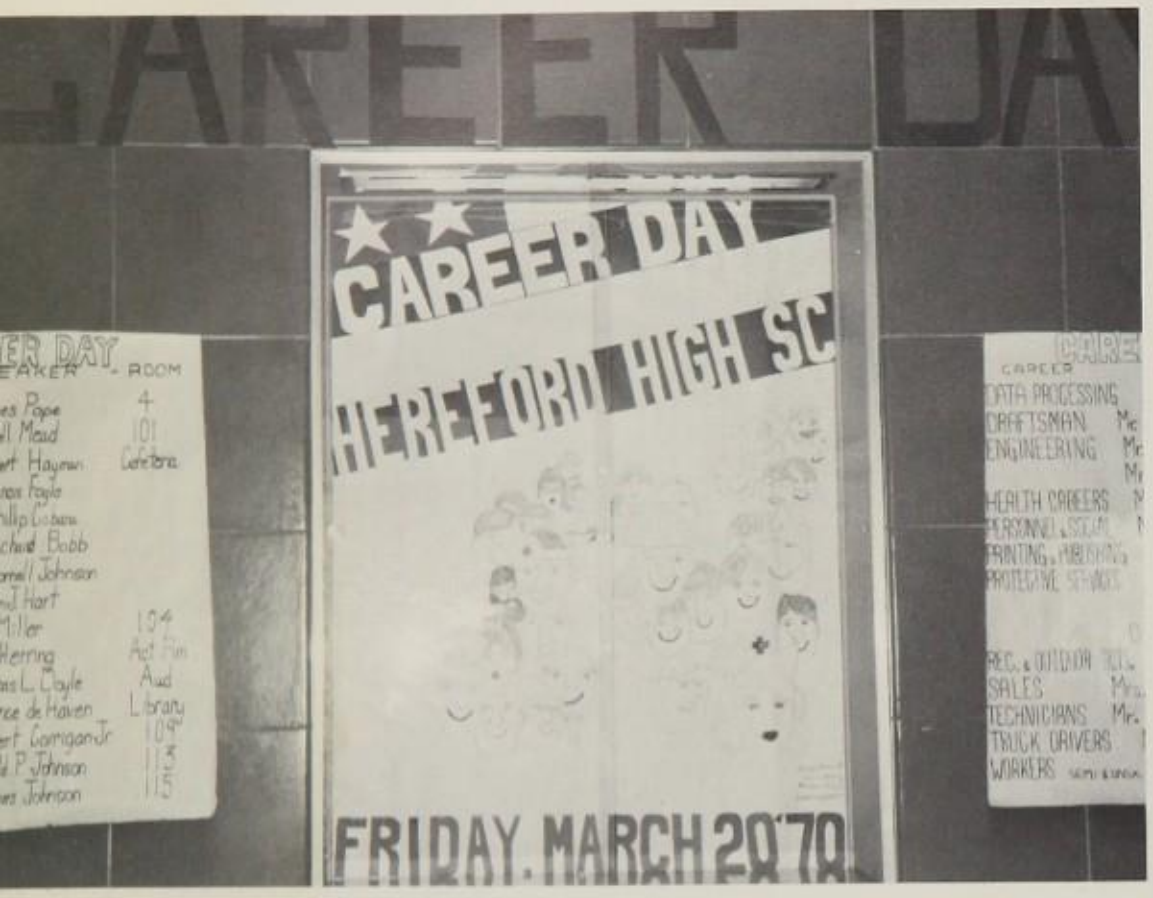
"I have bought golden opinions from all sorts of people."



A first for Hereford.

In an attempt to help senior high students in their investigation of possible careers, Hereford's Guidance Department held its first Career Day on March 20, 1970. Representatives from 21 major fields of interest discussed the various job opportunities available to students after graduation.

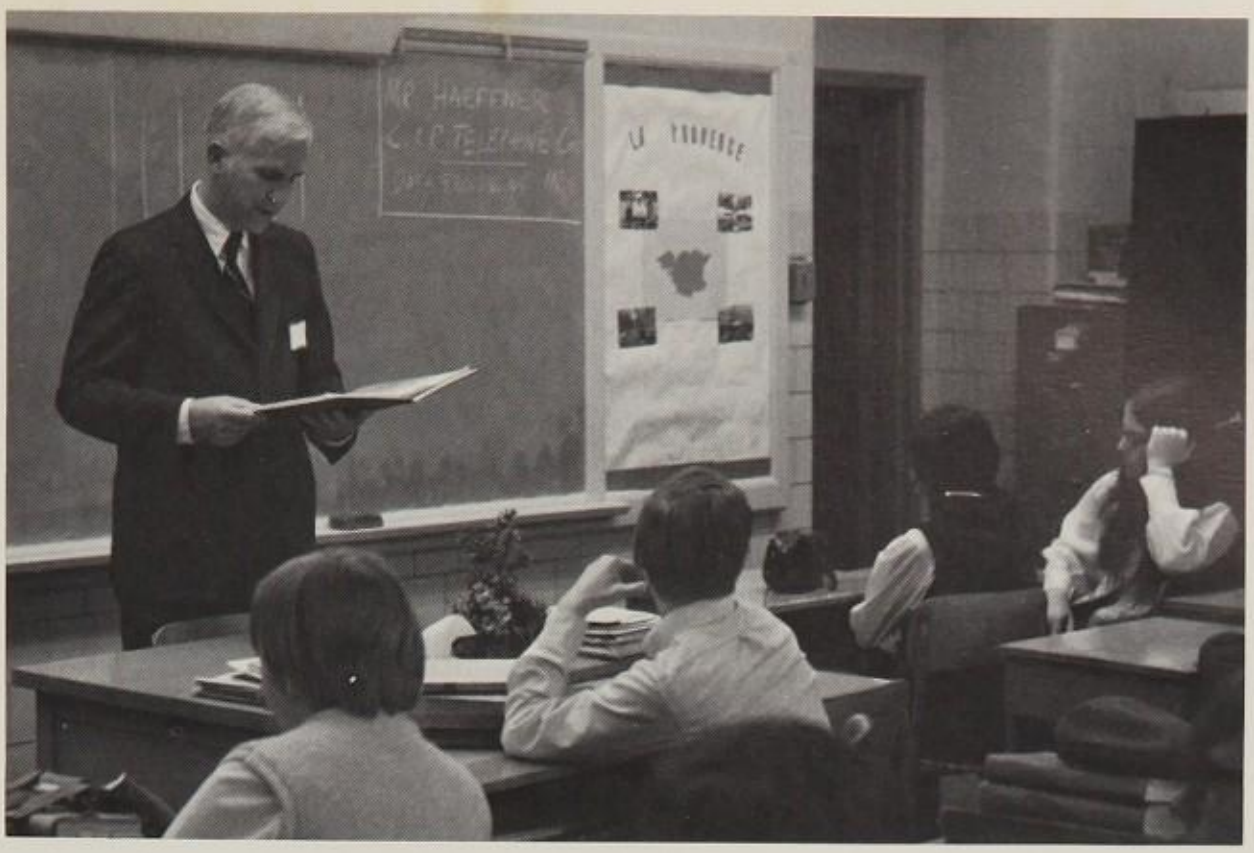
Representatives were present from many major fields, such as the airlines, Armed Forces and R.O.T.C. clerical and office workers, cosmetology, data processing, engineering, communication and dramatic arts, and protective services, to name but a few.

The consensus of opinion of both faculty and students rated the day such a success that all hope for a repeat next year.

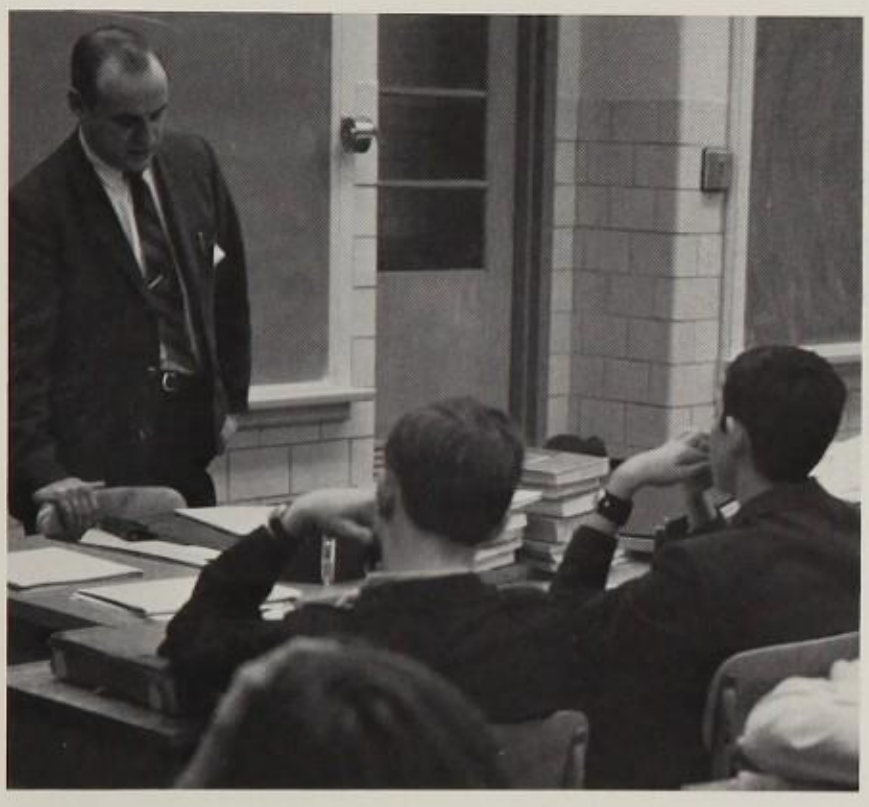
Communication and dramatic arts enthrall Mr. de Haven's listeners.

Mr. Robert Corrigan explains the intricacies involved in construction work.

"It's a good life."



Mr. Haeffner's briefing on data processing.



Mr. Dougherty, of AAI, speaks on drafting.

Signing up for cosmetology information.

A tea to climax the day.

HOMECOMING COURT. Shirley Bailey, Lynn Christy, Lou Anne Thompson, Lauren Hewitt, Barbara McKim. Dr. Neary does the honors.

"I just know we'll win this game!"

"I'll save the day."

On November 7, 1969, Hereford High School christened a new success. During the half-time of a victorious football game against Pikesville, a Homecoming Queen and Court were announced. A representative from each senior high class, plus a queen were voted upon by the students. A football banquet the same evening capped a very successful day. Hereford hopes to continue the Homecoming tradition in the coming years, as it proved to be a very exciting afternoon for all.

"Hail to our Captain Mike."

"Congratulations Lou Anne!!"

"Looks like Hereford won."

The saints go marching in.

"Johnny Unitas never had it so easy."

"The owl, night's herald."

Sweetheart Dance Queen and Court

"Sweets for the sweet.

On February 14, the Student Council presented "The Sweetheart Dance." Despite bad weather, the dance was a success.

The highlight of the evening arrived when the queen and her court were crowned. The school Sweetheart was Louanne Thompson, Queen; 12th grade Sweetheart-Betty Wilhelm; 11th grade Sweetheart-Lauren Hewitt; 10th grade Sweetheart-Barbara McKim; 9th grade Sweetheart-Luanne Thomas; 8th grade Sweetheart-Terry Allean; 7th grade Sweetheart-Joyce Wolfe.

"The air is delicate."

". . . And now this . . . "

At 8:15 every morning there is a cheerful voice coming over the P.A. system to remind everyone of the schedule of events for the day. The morning announcements are a benefit to the school by waking everyone up and presenting all the important news of the day. While acting as announcers, the members of the staff obtain worthwhile microphone experience.

One of the sobering factors in the control room is the deliverance of "King's Corn."

The musical "Oliver", by Lionel Bart was presented to appreciative audiences on November 21 and 22. The entire Junior-Senior High School was involved in the production with a selected group of seventh grade boys as the workhouse boys, as well as eighth grade group as Fagin's pickpockets.

Tim Dentry, an eighth grader, did a very fine interpretation of Oliver assisted by a cast and chorus of ninth through twelfth grade students. Harvey was unsurpassed as the villianous Fagin.

Because of the concerted efforts of the faculty, administration and students, the production of "Oliver" was an artistic and delightful success.

The theme of the 1970 Points and Awards Banquet was "Sports, Scholarship, Service" and throughout the delightful dinner nothing was more evident. The program, which was set up by Adrienne Rude and Lynn Christy, under the guidance of Mr. King, got under way on time and many deserving students were rewarded.

After dinner the guests were entertained by a dance in the auditorium featuring "The Windsor Hotel." Additional students were given service awards and letters at a later date.

"I don't know what we'd have done without you, Leroy."

It took quite a few tricky stunts, for Hereford's first annual gymnastics show to be a success. Long hours of practice in the afternoon and at night paid off as the students performed very well. A mass exercise was on the agenda to begin the show. Areas covered in this gymnastic were modern dance, free exercise, vaulting, trampoline, horizontal bar, still rings, parallel bars, uneven parallel bars, and others. Added attractions to Hereford's show were two students from North Carroll High School who participated in the program and demonstrated the perfect form of Carroll County Champions.

Also, our show had two teams of dancers, doing the Irish Jig and a routine performed by jumping over bambo sticks which was called tininkling. Our show ended with our proud nation's flag flying, surrounded by men, in bronze, holding various sports equipment.

"What happened to the engagement?!"

The 1970 Prom, "A Light in the Forest," was the greatest social function of the year. The colorful decor of a wooded forest contributed to the atmosphere of fantasy. Tommy Van and the Professionals, a well-known and popular band, enhanced the night with their vibrating selections.

The culmination of the evening was crowning of the Prom Queen and her Court. At ten o'clock, the light of the forest shone upon Betty Whilhelm as Junior Class President, Kenny Smith presided at the coronation. Followed by the members of her Court, Pat Mayo, Chris McKim, Lynn Christy, and Jamie Reynolds, Betty led a dance in her honor.

After the final number, everyone gathered their souvenirs and left for home, knowing that they would never forget that dazzling night.

"If all the year were playing holidays,
To sport would be as tedious as to work."

"Swing it, baby."

This year the annual "May Fiesta Day" was run by the student body with the assistance from teachers and parents. There were many new attractions which included burro rides, polaroid snap shots taken behind painted personages, the coffee house and ice cream parlor, auto demolitions, physical education contests, and a dunking machine.

The afternoon was highlighted by a fashion show and student-faculty variety show. The evening ended with a dance—the day a huge success.

"Beef, anyone?"

"Hi, Ho, Kevin . . . Away!!!"

A good time was had by all.

"A very gentle beast."

Fascination.

This year the Vocational Agro-Business Department sponsored a "Kiddie Farm". Children from all areas of the city were invited to attend this exhibit of farm animals and machinery. This Kiddie Farm was given for the purpose of familarizing the elementary students with all types of farm animals, ranging from chickens to goats. The children were allowed to handle certain animals and were entertained by a hay ride, straw jump, and pony rides, as well as loveable "Smokey the Bear".

The day was a big success due to many long hours of work led by Leroy Harris and the excellent supervision of Mr. Keenan and Mr. Sparks.

"It's so soft . . . "

"Hey Belt, aren't you a little old for that?"

"Hay, isn't this a lot of fun!"

The purpose of the Student Council is to teach students the responsibility of representing others, to acquaint students with the intricacies of parliamentary procedure to give them the opportunity of working with large groups of people, and to provide activities for the student body.

This year, the Student Council assisted with three new activities; first, the tours for incoming seventh graders; second, the first annual "Homecoming" program; and third, the semi-formal Sweet Heart Dance which was held on a Saturday evening.

This year the Student Council lacked full support from the student body; the Student Council officers hope that this apathy will change next year. Since the Student Council is the voice of the student body, more students are encouraged to participate in its activities.

Student Council representatives play an important role in the function of a high school. They represent the entire school body and are their voice in the Student Council. As last year, the Student Council sponsored a work shop which lasted three hours and the topics of discussion were Parliamentary Procedure, Leadership, and Human Relations.

Audrey and Linda doing their usual yeoman's duty.

Our "Pioneer" staff worked many long and tedious hours organizing and arranging this year's book. The staff totaled fifteen members and two sponsors. Audrey Townsley, along with Linda Cole, whom we drafted along the way, worked many long hours at the typewriter, including Saturdays, in order to meet deadlines. Jack-of-all-trades, Jim Felix and photographer Glenn Shaefer, also saved our scalps on numerous occasions.

Miss G's hard-working attitude gave the boost needed to make this book a real success. Chief Seldomridge, our other loyal advisor, extended his usual understanding and confidence in the students who worked with him.

The purpose of the F.T.A. is to aid its members in their investigation of different fields of education. This year the club served as host to speakers from various areas in education who introduced the basic concepts of teaching. A field trip to the University of Maryland gave the members an insight into the facilities available on a modern college campus.

Through participation in this club and its many activities, F.F.A. members develop leadership, citizenship, and responsibility. As a very important part of our school, the FFA provided corsages for both "Homecoming" and the Sweetheart Dance. They also sponsored the Hereford Kiddy Farm at which primary grade students of Baltimore County visited Hereford's farm in miniature. The FFA also played an important role in May Fiesta where they took charge of pizza, barbecued chicken, and roast beef sandwiches.

Character, Scholarship, Leadership, and Service, symbolizing the highest honor a student may attain, characterize the members of the National Honor Society. This year, thirty two new members were inducted into the National Honor Society and twenty-two new members into the National Junior Honor Society.

The guest speaker at the National Honor Society induction was Mrs. Carol Ann Armacost Preston, a former honor student at Hereford and Western Maryland. Mrs. Preston works as an extension agent for Carroll County and discussed education in its relation to everyday living.

Under the strong leadership of President Lynn Christy, the Honor Society completed a very active school year.

Likewise, the National Junior Honor Society publicly recognizes outstanding students in the junior high school. Membership signifies excellence in the junior high school years and indicates promise for the future.

A foreign exchange student from the Shire of Sussex, England, Mr. Ian Foyle, discussed the differences between the U.S. and British school systems. A chap of obvious intelligence, Ian will begin the fall term at Fitzwilliam College, Cambridge, one of the most eminent Universities of the world.

The library assistants play a vital role in the continuing efficiency of Hereford's library. They learn many of the basic skills and tasks which a librarian must perform. Students check books, assist in shelving, and help to keep the library in efficient order.

Many students arrange to work during their studies, or before or after school. Hereford should be proud to have young people who are interested in helping their school in this way.

The "Harbinger," Hereford's newspaper, is published eight times a year by the journalism class. The staff, under the direction of Miss Hubble, attempts to uphold the canons of journalism as they strive to produce a school newspaper which is entertaining as well as informative.

In national scholastic competition this year, the "Harbinger" received a first-place rating, based on all-round coverage, accuracy, make-up, and photography. In addition, the "Harbinger" earned 898 of a possible 1,000 points, awarded according to excellence in the areas of content, writing and editing, and page make-up, in competition sponsored by the Columbia Scholastic Press Association, for another first-place rating.

FORENSIC SOCIETY: Anthony Shemonski, Joan Bailey, Chris Lamb, Paul Schmalzer, Chris Kondner.

This year the Forensic Society was handicapped by a late start with only six members, three of whom were beginners. However, several trial debates and a few fields trips were held. This year's activities were mainly devoted to research and the basics of debating. The society is hoping to attract more members in the future and work up a good team for next year.

The Hereford Junior High Chess Club is one of Hereford's newest organizations, being only in its second year. Its primary purpose is stated in its name; it is an organization composed of and run by students in grades 7 through 9 in order to come together once each week in order to play chess.

The club is open for new members each year from September through October, and all students in grade 7 through 9 are invited to join. No knowledge of chess is required as new members are taught to play through the "buddy" system.

Next year, the club hopes to become affiliated with the National Chess Federation in preparation for entering its first competition the following year in both County and area tourneys.

Equipment is delivered to the classroom teachers before school; during the school day minor repairs are made upon equipment. The A-V crew also maintains stage and sound systems during assemblies.

After school individuals help with school productions such as "Oliver" and "Arsenic and Old Lace."

This years' training program was under the direction of Bruce Patterson and Vernon Tegler.

Girl's Ensemble

R. Wyman, A. Shanklin, P. Torbert. M. McMillan, D. Booth, T. Ayres, R. Boyer, P. Boyd. J. Huggins, L. Pass, D. Turnbaugh.

The Senior High School mixed chorus is a blend of talented voices capable of effecting beautiful sounds. This group was involved in the musical "Oliver," the Christmas program, State Chorus, and choral day. Collectively and individually this group is truly musical.

The ninth grade chorus is a select group of nice voices. These boys and girls have added much to the size and sound of the Christmas chorus as well as to the Senior High choral day chorus; they also participated in the Junior High choral day.

The Girls' Ensemble has been a concert group which has performed both in school and in the community.

the slips, straining upon the start."

"Is this for real?"

Hereford's Cross Country Squads enjoyed an exceptionally successful season in 1969. Hereford achieved one of its finest records during the regular season, defeating all but one of the Baltimore County Schools. Hereford also competed in the Johns Hopkins "Spiked Shoe" Invitational Meet and placed a respectable 5th out of 23 competing schools. In the Baltimore County Championship, held at Hereford, our team placed second. For the team, a season-ending thrill was having the state Championships at Hereford. Although finishing second in the State was some thing to be very proud of, it was little disappointment for the squad.

If there is a goal to be set by Hereford's 1970 edition of Cross Country, it is to regain the respect and honor of being the State Champions of Maryland. Coach Heffner says he is highly optimistic of obtaining this goal in 1970.

"I found it, the nickel!"

"The strength of twenty men."

Rear-end play for Hereford!

Although plagued by injuries this year, and boasting a roster of only 13 players, our football team won 2 of 6 games. The first was over Mt. Hebron with a score of 12-7. In the last game of the season, which was the Homecoming game, the Hereford team defeated their archrival, Pikesville, 14-7. Even though the Bulls were outmanned they never gave up nor stopped their vigorous attack.

Mike Lyttle led the team in yards gained, and also in rushing. Coach Davis and Coach Garner are expecting a more successful season next year with the return of many experienced juniors and sophomores.

"Hey, get the rest of the team out of the locker room."

"Ready for the Prom, girls???"

Tackle, helps clear up your complexion!!!

A good gain around left end.

"Two cheeseburgers and a shake!"

"I've got to get a dentist appointment."

Co-Captains Mike Lyttle and Don Sheppard discuss plans with the coaches.

"Though she be but little, she is fierce."

They have done it again! The Varsity Volleyball team, under the able coaching of Miss Leslie, has retained it's standing as Baltimore County Volleyball Champions for the second consecutive year. The undefeated varsity competed against many strong teams, but the girls managed to average 27 points over each of their opponents. The team climbed to the top by defeating Kenwood by a score of 50 to 23.

The spirited and enthusiastic Junior Varsity had a fine season, also, but they missed capturing the Western Division Championship by one point in an excruciating game against Woodlawn.

Neither the Varsity nor the Junior Varsity ever gave up when behind; but they kept their spirit and will to win high, and in almost every case rose to defeat their opponents.

Even though the team will be losing seven of its seniors, next year's teams promise to maintain the high standard of quality in skill and sportsmanship for which the Hereford Volleyball teams have always been noted.

"Put it up and over!"

The anticipation and return.

KNEELING: K. Dunstan, S. Matthews, L. McGraw, M. Thompson, D. Sheppherd, D. Leckrone, T. Smith, V. Ambrose, mgr. *STANDING:* Coach Sirmon, D. Marshall, S. Kunaniec, S. Regier, B. Jones, R. Morris, P. Herbert, J. Felix, D. Cullison, C. Sutton, D. Heath, D. Johnson.

"Follow the bouncing ball, Jim."

The Varsity soccer team defeated North Harford, the Harford County champions, 3 to 2 and tied Franklin, the Baltimore County Western division champs, 1 to 1 enroute to a record of 3 wins, 4 lossess and 2 ties. Additional league victories were posted over Pikesville, 5 to 3, and the usually tough Catonsville 3 to 0. The inexperienced Bulls were paced on offense by Robert Morris, 7 goals, and sophomore Mark Thompson, 5 goals.

Co-captains Pete Herbert, goalie, and Jim Felix, half back, anchored the defense. The erratic defense jelled in the final game of the season as the Bulls tied arch-rival Milford Mill 0 to 0 in double over time, to clinch 4th place in the Western Division.

Hereford gangs up for a score.

The year 1969 was not a very successful one from the standpoint of games won for the J.V. Soccer team. In league play Hereford finished with 4 losses and 2 ties.

The squad was primarily made up of 9th graders in their first year of interscholastic competition. There were three tenth graders and two eleventh graders comprising the rest of the eighteen man squad.

The squad showed steady improvement during the season and stamped itself as a determined, if inexperienced, group.

The girls' basketball team this year was one of the best Hereford has seen for awhile. Much of the talent from last year was evident, plus quite a few new dribblers.

Although varsity suffered a few heartbreaking losses, their spirit made up for it. The skills of the veteran players plus the drive of the newer players pushed the girls to play some mightly impressive-looking basketball.

The J.V. team is certainly to be commended. Being undefeated in the first part of the season, they came upon an overpowering Cockeysville. Even this didn't discourage the girls; they went on to win all but one of the rest of their games, ending up third in the county.

The outlook for next year looks really encouraging. Although the majority of the varsity team will be departing, many experienced J.V. members will probably be taking a crack at a varsity berth.

This year's hockey team celebrated their best season ever. The JV was strong and many will be moving to the varsity squad next year. The Varsity squad had a tremendous season with only four goals scored against them the entire year. Their final record is proof of their teamwork. With only two losses the Varsity ended the season second behind Milford.

The 1969-70 Hereford basketball team finished their season with a 6-13 record. Lack of experience hurt this year's team but with five returning letterman plus a fine crop of sophomores from this year's junior varsity, the outlook for next year is much brighter.

Senior Connie Neutzel led the Bulls in scoring with 371 points followed by Charlie Humes with 222. Connie also led the Bulls in rebounding with 266. Graduating seniors include Conrad Neutzel, Charles Humes, James Tipton, and Robert Matthews.

The high points of the season were a 84-83 win over arch-rival Pikesville and a 103-68 win over Lutheran, which established a new single game scoring record.

The J.V. basketball team improved on last year's record of 3 wins and 16 loses. Highlighting the season were two wins over Lutheran High and a hard fought victory over Randallstown. The J.V. also played their first overtime game in recent years, dropping a 71-65 decision to Sparrows Point. With the addition of transfer student John Wingeart, the J.V. also threw a score into undefeated Lansdowne before bowing in the final minutes.

The 65 point Sparrows Point effort represented a school guard Ken Dunstan in the same game. 6′ 2″ sophomore captain Steve Regier lead the team in scoring was a pleasant surprise, averaging 15 rebounds and 8 points per game.

All of the boys on the 14 man squad saw plenty of action in Coach Sirman continuing effort to make sound ball players from relatively inexperienced underclassmen.

Scott Cornwell takes another first.

This year the indoor track team was very successful. Records were set in these events; the 1,000 yard run by Greg Cornwell; the 600 yard run by Bill Hurley; the mile run by Bob Durst; the two mile run by Scott Cornwell; and the two mile relay by Bill Hurley, Grey Cornwell, Nelson Snyder, and Oscar Sommer.

With many of the track runners returning Coach Bowen has high hopes for next years team.

Hereford's Tom is ready for a switch.

"The winnah . . . Rocky!"

Under the coaching of Mr. Ikeler, Hereford's varsity wrestling squad had its best season in its history. During their regular season the team remained undefeated. Then, traveling to the Baltimore County tournament, the Bulls captured the championship, easily defeating last year's champion, Kenwood, 69-58. Hereford was the only team in the County to have four champions—Tom Yates, Jeff Welsh, Steve Herbert, and Rob McNabb. Excellent performances were also put forth by Billy Nash, 2nd place, Danny Leckrone, 4th place; and seniors Mike Lyttle, Andy Ensor and Chuck Fuller. The four Hereford champions next represented Hereford at the Maryland District III tournament where they again captured the championship as a team. Jeff, Steve and Rob again placed first in their respective weight classes while Tom finished second. Next they traveled to the first Maryland State Wrestling Tournament where these four wrestlers obtained the team championship, proving Hereford has the best team in the State. Jeff and Steve both obtained first place, while Tom finished second and Rob McNabb finished third.

With a strong junior varsity and only four seniors leaving, Coach Ikeler is confident that next season will be as good if not better if this is within the realm of possibility.

Under the skillful coaching of Mr. Woodward the J.V. squad was also successful losing only to the strong Catonsville Team. Team captains Scott Matthews and Rob McNabb both had undefeated seasons. Other outstanding J.V. wrestlers were William Howard, Jerry Gray, Mark Thompson, Butch Nash and Joey Wojcowski.

The jayvee squad took on a new look this year, as Coach Jim Heffner led the Baby Bulls to an impressive 5-7-1 record, which is the best ever for a Hereford jayvee squad.

Team leaders included Jim Campbell and Louis Ensor at the most consistent pitchers, while Joe Wojacowski led the junior circuit with a .430 batting average.

The team's highlight came in a game with undefeated Randallstown where Coach Heffner and the Bulls came out with a victory.

The Hereford Varsity baseball team took on the title of contender this year when Coach Sam Bowen led the Bulls to a 8-6 record. This marked the first team in Hereford's history to complete a season with more than 7 wins.

Led by ace pitchers Mike Lyttle, Mel Anderson, and Steve Kunaniec, and by the batting of Charlie Humes, Kenny Smith, and Pete Herbert, the Bulls succeeded in defeating every division school at least once with the exception of Franklin.

Highlights of the year came when Hereford defeated previously undefeated Dulaney by a score of 3-1 in eight innings. "We've come a long way, Baby!!"

The varsity softball team had a successful season and succeeded in defeating Catonsville and Milford Mill, two of the toughest teams in Baltimore County. Miss Berwager hopes to continue to build this record next year. The JV softball team started off with very accurate playing which helped them finish the season with four wins and one tie. The tie was the most spectacular game of the season. JV fought seconded-place Dulaney for twelve innings before it started to rain and the game ended in a 5 to 5 tie. The JV team never lacked in team spirit or sportsmanship. Next year they will make a tremendous varsity team!

Dale winds up.

Cornwell leads again.

Looking at the spring track team objectively, one notices that we have had an outstanding season. The junior varsity was 95% ninth graders and they competed against teams which were mainly tenth and eleventh graders—and we still had close meets every time.

The better J.V. boys were moved up to varsity—which was mainly all sophomores. However, there were a few outstanding juniors and seniors.

Our biggest handicap was lack of depth. Since our J.V. had 25 members and the Varsity had 16 our depth hurt us for dual-meet points.

Our highlights came from the two mile relay team of N. Snyder, G. Crowell, and S. Cornwell which set a new school record of 8:20.5 and represented Hereford at the Penn Relays. We finished in 4th position in the District and 8th in the State.

We set new 880, the mile, and the distance relay records. We also had two state champions, sophomore Nelson Snyder in the 880 and junior Scott Cornwell in the 2 mile; Scott was also the district 2 mile champion.

Throughout this year the cheerleading squad has tried to develop for others a new outlook on cheerleading. First of all, the style of cheerleading has changed very much throughout the past few years at Hereford. The cheerleading squad has become an organized team and like others teams, they devote much time and hard work to this year-round sport.

Both squads feel the purpose of cheerleading is to show good sportsmanship, to promote school spirit and try to represent our school in the best way possible.

They've attended clinics in order to improve cheerleading techniques and skills; they've also traveled with the teams throughout the year and have given them much support.

The cheerleaders want to be looked upon as team members, working to achieve their one goal, promoting enough spirit to make our teams #1.

Misses Andrews, Bosak, Keller, and Zimmers have contributed much time and effort as sponsors.

This year's team was plagued by inexperienced; the team consisted of three Freshman and five Sophomores, with only Bob Peregoy having had prior competitive experience. Two members, John Hoover and Arthur Bull showed considerable progress and next year's team, which will be built around these two and veteran Bob Peregoy, should show considerable improvement.

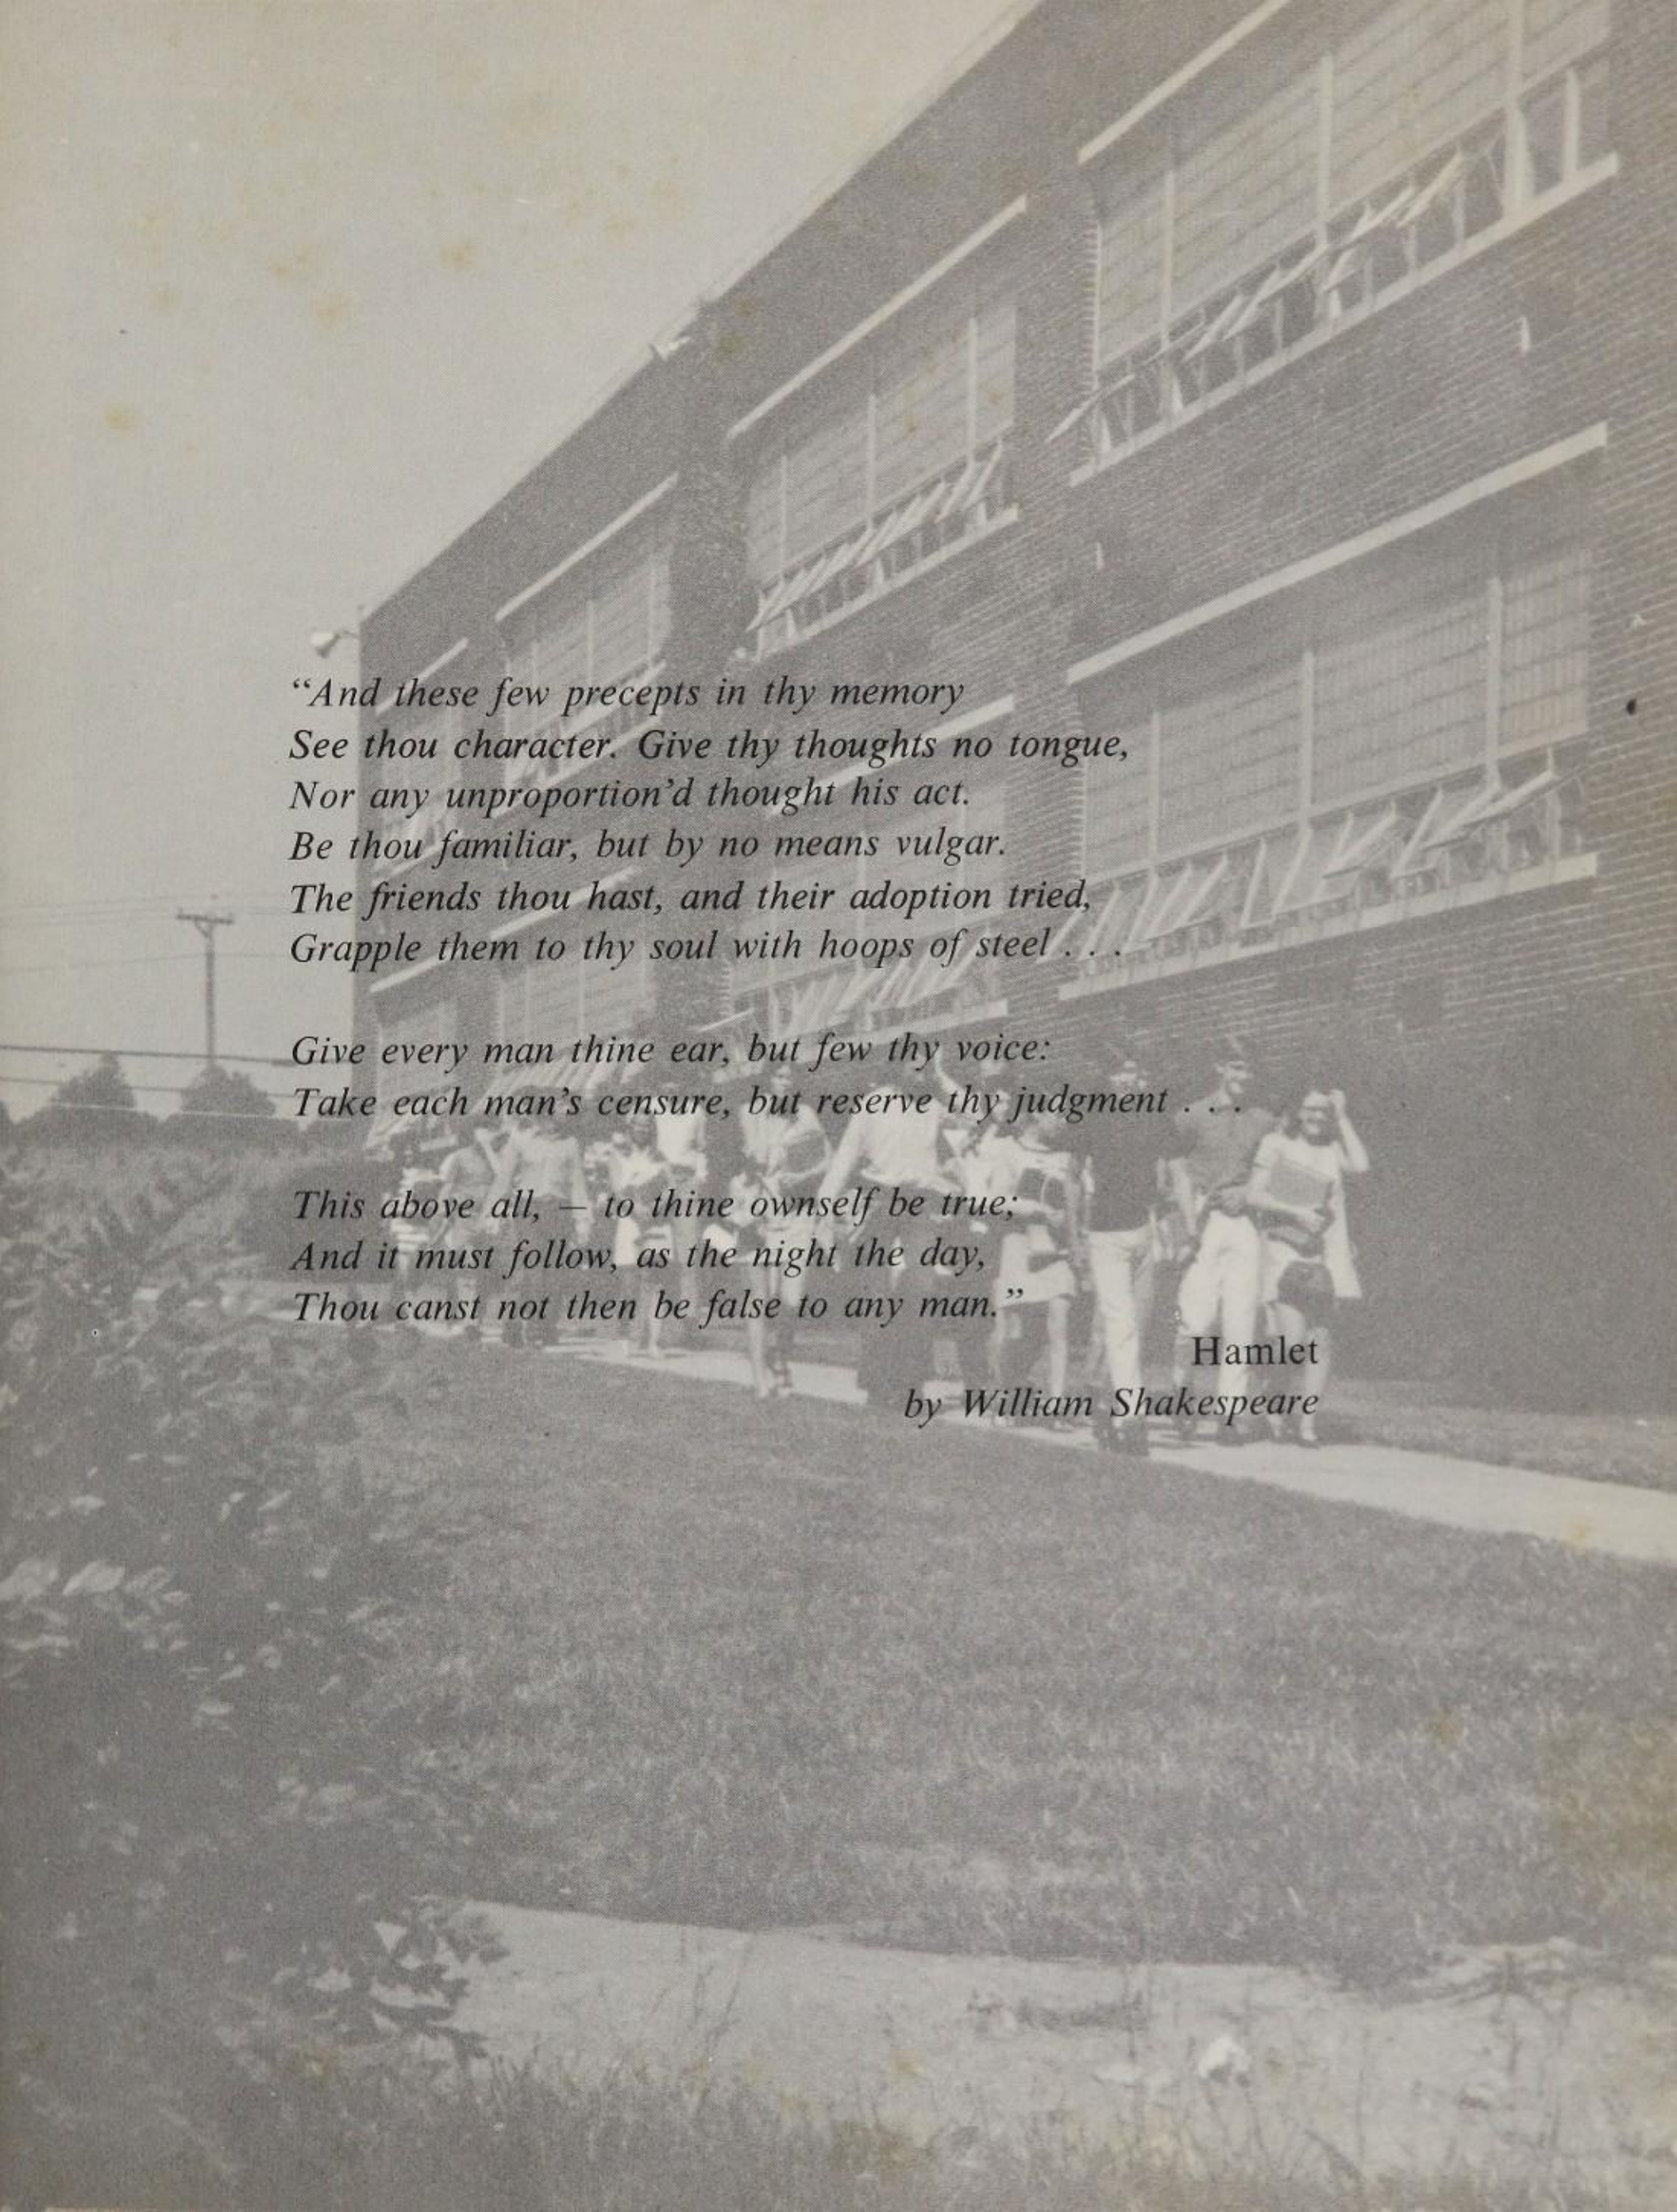
Randallstown Junior Miss 1970.

Peggy Bull is Randallstown's Junior Miss for 1970, having won the title for her scholastic abilities, poise and appearance, creative and performing artistry, youth fitness, and general honest-to-goodness talent. She was a finalist in the talent contest due to the presentation of her sewing abilities.

Peggy brought home a $50 scholarship to Walters Academy, and of course, a crown and roses. The *PIONEER* would like to congratulate Peggy Bull, Randallstown Junior Miss.

Martha Ann Smith is Miss Junior Achievement of 1970, after competing against 90 girls. She had the tremendous task of taking a written test consisting of questions about working in the world of business; along with a talent contest where Martha sang several folk songs, placing third. As Miss Junior Achievement, Martha won a scholarship to Patrica Stevens, a $25 Savings Bond and a free trip to the regional and national contest. Good Luck Martha!

Martha Ann Smith, Miss Junior Achievement.



"And these few precepts in thy memory
See thou character. Give thy thoughts no tongue,
Nor any unproportion'd thought his act.
Be thou familiar, but by no means vulgar.
The friends thou hast, and their adoption tried,
Grapple them to thy soul with hoops of steel . . .

Give every man thine ear, but few thy voice:
Take each man's censure, but reserve thy judgment . . .

This above all, – to thine ownself be true;
And it must follow, as the night the day,
Thou canst not then be false to any man."

To my Bearded Wonder,

LOVE & Peace! forever

Recognize her? I t's me the great, (cough), volleyball player! I don't know if I ever told you this but I love your beard and I hope you never have to shave it off! Please take care of your finger and everything else during Soccer! You know I'm going to be gray and wrinkled by the time I'm sixteen if you keep going the way you are. (By getting hurt in sports all the time) But stay as sweet, nice and cute as you are. I t [redacted] makes the girls go crazy! (I know you'll like that. But just don't forget I love ya too

Love always,
